Location: Musiri, Namakkal, Tamil Nadu, India

PROFESSIONAL SUMMARY

Motivated Electronics and Communication Engineering student with strong knowledge of computer networking, CCNA concepts, routing and switching, VLAN configuration, port security, TCP/IP, and network troubleshooting. Hands-on experience using Cisco Packet Tracer and embedded systems through academic projects and internships.

TECHNICAL SKILLS

Networking: CCNA Fundamentals, Cisco Routers & Switches, Routing Protocols (OSPF, EIGRP), Switching (VLAN, STP), TCP/IP, OSI Model, IPv4 Addressing & Subnetting, Services (DHCP, DNS), Network Security, Port Security, Troubleshooting, LAN/WAN, Network Monitoring, NOC Operations

Programming: Java (Basic), HTML, CSS, JavaScript (Basic)

Tools: Kali Linux, Windows, Cisco Packet Tracer, Tinkercad

EDUCATION

B.E. Electronics and Communication Engineering

Hindusthan Institute of Technology, Coimbatore

Nov 2022 – Jul 2026

CGPA: 8.74/10

Higher Secondary Education (HSE)

Government Higher Secondary School, Namakkal

Jul 2021 – Mar 2022

Score: 80.5%

INTERNSHIP EXPERIENCE

Embedded Systems Intern

Jan 2025

- Gained practical exposure to embedded systems, hardware interfacing, troubleshooting, and system integration.

PROJECTS

- Smart Traffic Light Control System (Tinkercad):** Designed and simulated a real-time traffic light control system.
- Networking Lab Configuration:** Configured VLANs, implemented Port Security, and practiced routing and switching using Cisco Packet Tracer.

CERTIFICATIONS

- CCNA Training
- Advanced Technologies for Smartphone Servicing
- Circuit Voyage Workshop

ADDITIONAL DETAILS

Soft Skills: Problem Solving, Communication, Team Collaboration, Adaptability, Quick Learning, Time Management

Languages: English, Tamil

Hobbies: Networking Technologies, Travelling, Listening to Music, Learning Emerging Technologies
